MOTHER AND CHILD

Scott's Emulsion is cod
 liver oil made almost as
 palatable as milk. It is easy
 and soothing to the weak
 stomach; it checks the ten-
 dencies of children toward
 thinness.

Scott's Emulsion gives
 strength to weak mothers be-
 cause it creates healthy flesh
 and new blood.

Nursing mothers will find
 a special value in Scott's
 Emulsion because it insures
 a flow of rich, nourishing
 milk for the baby. More and
 better than a medicine;
 Scott's Emulsion is a food.

Scott's Emulsion is not a
 mere extract, containing im-
 aginary "active principles"
 which do not exist, but is full
 of actual nourishment which
 sustains vital force and builds
 up the body tissues more
 rapidly than any other known
 remedy.

Will send you a sample free upon request.

RUSSIAN OFFICERS
FROM PORT ARTHUR

Twenty-six Russian officers from
 Port Arthur, who are to be released
 on parole, were brought to Nagasaki
 by a transport at 8 a. m. on Tuesday,
 each officer being accompanied by an
 orderly.

The necessary quarantine regulations
 were enforced at the quarantine sta-
 tion at Nagasaki harbor, and at 2 p.
 m. the party left in steam-launches for
 the Mizunoura Pier, Inasa, the launch-
 es belonging to the local water police,
 harbor office, and fortification head-
 quarters.

On their arrival at the pier at 2:30
 the officers were welcomed by the mu-
 nicipal delegates and conducted to the
 Goshinji temple, which now takes care
 of the Russian cemetery at Inasa. At
 the temple four tables were laid and
 refreshments and cigarettes were served
 to the Russian officers by Japanese
 girls. The officers were neatly attired
 and wore their swords, and there was
 nothing in their manner that betrayed
 their sufferings in the beleaguered
 city.

Colonel Tzikekoff, commander of the
 Fifth Regiment, who was the senior
 officer among the party, delivered an
 address on behalf of his fellow officers
 to the Japanese delegates, to the fol-
 lowing effect:

"Our present condition is due to our
 defeat. We did not expect this warm
 reception and we thank you most heart-
 ily for it. This single incident suffices
 to show that your nation is above the
 common standard of the world. I ask
 the press representatives here present
 to publish to the world that I have
 expressed the above in all sincerity."

Subsequently the party put up at Mr.
 Matsumura's where luncheon was
 served.

The Tokyo Asahi's correspondent
 subsequently interviewed Colonel Tzike-
 koff and expressed his admiration
 of the gallant defenders of Port Arthur.
 The colonel thanked the interviewer
 for his compliments. He stated that
 he did not know when General Stoessel
 would leave Port Arthur. He would be
 accompanied by his wife and four or
 five officers' children whose fathers had
 been killed. Stoessel himself had no
 children. He had been wounded above
 the left ear but the wound had now
 healed. All the members of the party
 had been wounded, some as many as
 four times. The colonel himself had
 been injured in the back and there were
 casualties even among the priests. Dur-
 ing the long siege no soldier or sailor
 who had distinguished himself by valiant
 conduct had received decorations
 from home, the communications be-
 tween Port Arthur and Russia being
 severed.

The correspondent adds that the po-
 lice and gendarmes at Nagasaki are
 on the alert.

It is stated that General Stoessel,
 seven other Russian Generals and four
 Admirals have already given their
 parole not to take further part in the
 present war. They and other officers
 will leave Dalny for Nagasaki in a few
 days, and be temporarily quartered at
 Inasa, before proceeding to Shanghai,
 where they will be released.

TEEN MINUTES.

"Chamberlain's Cough Remedy cured
 our little four year old boy of croup in

 used this remedy in our family for the

 kinds previous to that time, and can
 say that we consider it far superior to

PRISON LABOR, ROAD WORK,
WAGES AND LIQUOR LICENSES

Honolulu, T. H., Jan. 25th, 1905.

Editor Advertiser: It will not be long before our Legislature
 will meet to enact or repeal laws for the benefit of the country at
 large, and a few suggestions at the present time will not be amiss
 even though they be at variance with the arguments set forth in
 the daily practice of our present constituted authorities.

First. I would suggest that prison labor be confined to some
 trade or business not in conflict with citizen labor, say the manu-
 facture of bags or of rope, the clearing of Government land of
 lantana and the planting of trees on such cleared land.

In the last proposition, we must admit for the sake of the
 argument that the government could not consistently employ citizen
 labor on such work, but taking in consideration that an appropria-
 tion must be made to maintain the prisoners whether they work
 or not such work would serve a double purpose by giving health-
 ful exercise for the government's charges and in time the improve-
 ments to the government land would prove a valuable asset.

Second. That all quarry and road work be done by citizen
 labor, and the work in each district be done by the citizen labor of
 that district, provided always that sufficient laborers in that dis-
 trict can be secured, otherwise the districts nearest said work be
 drawn on for a sufficient number. That no contracts be given for
 road work either by the present form of government or under
 County Government.

Third. That the minimum wages to be paid for government
 work, (county or otherwise) by unskilled labor be at the rate of
 \$1.75 per day of eight hours. In this way no unskilled laborer will
 have any doubts about what wages he will receive under govern-
 ment employ, and he will be enabled to pay the butcher, the baker,
 and the grocer; the money paid by the people in the way of taxes
 will again be in circulation and all will be benefited, the laborer
 especially.

The question may be raised that with the increased rate of
 wages there will not be enough money in the Treasury to do any
 great amount of work. I would answer that where the Territory
 or the County, as the case may be, is deprived of any revenue for
 store licenses as at present, a law regulating such licenses should
 be made, thereby increasing the revenue.

I would suggest also that all licenses which amount to over
 \$25 be paid quarterly in advance, there would be a greater induc-
 ment to take out a license, thereby producing more revenue, where-
 as having to pay for a year in advance, it would, in many cases
 prove a hardship. A tenant does not pay his rent a year in ad-
 vance.

Fourth. One word in regard to a Sunday law and I am done.
 Cigars, tobacco, soft drinks, ice cream and goods of a perishable
 nature such as fruits and vegetables should be permitted to be sold
 on Sunday. It would harm no one and would really be a benefit
 to the country at large. People will travel, strangers will be among
 us and to be in a strange place strolling around in a "tight" town,
 would only be the means of giving the place the "black eye."

Thanking you in advance for space I am,

Yours very truly,

CHAS. E. FRASHER.

WATKINS IN SEND BACK
DIAS'S PLACE OLD GUNS

The office of the United States Ship-
 ping Commissioner, during the absence
 of B. Griggs Holt on the mainland, will
 be conducted by Norman Watkins,
 formerly cashier of the Hawaiian Fer-
 tilizer Company, who has been ap-
 pointed clerk to the Commissioner in
 place of John Dias, removed from the
 position.

The appointment of Mr. Watkins is
 a move in the interest of the govern-
 ment's plan to clean up the waterfront,
 which plan has by no means been
 abandoned. In fact, it is proposed by
 those in authority, both on the Terri-
 torial and Federal side, to make Ho-
 nolulu a port in which sailors can be
 absolutely assured of fair treatment,
 and in which ship captains will be able
 to get crews without resort to crimps,
 and without the terrible necessity for
 shanghaiing men who have never smell-
 ed salt water. And that will mean an
 end of making up crews as the crew of
 the ship Phelps was made up.

However, the departure of B. Griggs
 Holt for the mainland on the Korea
 today is not a part of the plan. Mr.
 Holt had determined to visit the main-
 land, being called there by a business
 offer that he felt could not be neglect-
 ed, before the waterfront scandal
 broke out. When the scandal did come,
 his affairs were in such condition that
 he still felt it necessary to take the
 trip. Mr. Holt purposes to return to
 Honolulu, although he may be taken
 to the mainland permanently later by
 the present deal, but until he is he will
 continue to conduct the office of Ship-
 ping Commissioner in connection with
 his other business.

It is felt on all hands that in the
 appointment of Mr. Watkins as clerk
 he has left the affairs of the office in
 competent hands, and that the admin-
 istration will be as clean as it should
 be.

SELF CURE NO FICTION!

MARVEL UPON MARVEL! NO SUFFERER
 NEED NOW DESPAIR, but without running a
 doctor's bill or falling into the deep ditch of
 quackery, may safely, speedily, and econom-
 ically cure himself without the knowledge of a
 second party. By the introduction of the New
 French Remedy, THERAPION, a complete
 revolution has been wrought in this depart-
 ment of medical science, whilst thousands have
 been restored to health and happiness who for
 years previously had been merely dragging out
 a miserable existence.

THERAPION No. 1 is a remarkably short
 time, often a few days only, effects a cure,
 superseding injections, the use of which does
 irreparable harm by laying the foundation of
 stricture and other serious diseases.

THERAPION No. 2, for impurity of the
 blood, scurvy, pimples, spots, blotches, pains
 and swellings of the joints, gout, rheumatism,
 secondary symptoms, etc. This preparation
 purifies the whole system through the blood,
 and thoroughly eliminates all poisonous matter
 from the body.

THERAPION No. 3, for nervous exhaustion,
 impaired vitality, sleeplessness, and all the dis-
 tressing consequences of dissipation, worry,
 overwork, etc. It possesses surprising power
 in restoring strength and vigor to the debilit-
 ated.

Is sold by principal Chemists throughout the
 world. Price in England 2/6 and 4/6. In or-
 dering, state which of the three numbers re-
 quired, and observe that the word "Therapion"
 appears on British Government Stamp (in
 white letters on a red ground) affixed to
 every package by order of His Majesty's Hon-
 ourable Commissioners, and without which it is a
 forgery.

"The next transport passing Honolulu
 on the way to the coast will take be-
 tween five and six tons of quarter-
 masters' stores discarded by the mil-
 itia of Hawaii to be stored away in
 the Benicia arsenal," said Colonel
 Jones yesterday. "This is stuff that
 has been accumulating since annexa-
 tion, old and outworn arms and mun-
 itions of various kinds that have been
 superseded by later issues."

Colonel Jones had a conference with
 Governor Carter relative to this ship-
 ment yesterday, and will have a sec-
 ond one very soon upon the needs of
 the militia at the hands of the legisla-
 ture. "It is pretty hard to say,"
 Colonel Jones said when asked about
 the matter yesterday, "just how much
 will be needed to keep the guard up
 to the proper standard of efficiency.

There is a need of money for target
 practice, for one thing. Then, there is
 money required for transportation.
 That one item covers a multitude of
 expenditures, such as taking men from
 one place to another, and taking them
 to and from their camp during the en-
 campment season. It is true that the
 United States government pays the
 expenses of going into camp annually,
 the law covering a period of not more
 than fourteen days and not less than
 five. We generally camp at Kapi-
 lanui Park. But there is need for some
 commissary stores, also.

"Altogether, it would be hard to say
 just how much it would take, in a
 lump sum, to run the guard and, as I
 said before, to keep it up to the proper
 standard of efficiency. On a rough
 estimate—and this it should be under-
 stood is a very rough estimate in-
 deed—I should say, approximately,
 that the sum required would be \$20,000.

"Is the Governor favorable to the
 appropriation? You ask him. I have not
 gone into the matter with Governor
 Carter at all."

"That is true," said Governor Carter
 himself a little later. "I have not
 gone into the needs of the militia with
 Colonel Jones. Your question reminds
 me that I must do so. Yes, the mil-
 itia appropriation is exclusive of the
 band. The band is a separate matter
 entirely—or, rather, the money for the
 band is."
